Re: Hijab (Headscarf) Requirement

This is to advise that \_\_\_\_\_ has requested a letter from our Center for religious accommodation regarding her adherence to wearing a hijab or headscarf in accordance with Islamic tenets. Wearing a hijab for Muslim women is a well established act of worship. So, if a Muslim woman choose to wear a headscarf based on her devotion to her Islamic faith, she should be afforded the opportunity to exercise this tenet of her religion. Should you have any questions please do not hesitate to contact our center.

Sincerely,

Abdul Rahim Khan,  
Imam/Board President
